Based on the HQ call this afternoon it was agreed we should add one more item to the roll-out schedule. The revised schedule is attached.

Rich, heads-up as this additional item is something for you to do. Specifically, be prepared to post the data packages on the web on Friday after we have completed all the T/W/Th roll-out activities.

Thanks all, den.

Mick, as we discussed here's is an updated version of the roll-out schedule we used

last time. From a process standpoint in the field, we believe this will work. Any questions or concerns, please let me know, den.
